The Sub-Committee had submitted a report of their 1<sup>st</sup> meeting which agreed the Village Hall Committee should receive a donation of £500:00 towards the repairs required to the damaged Hall floor.

Two further suggestions were discussed by the committee to be put before the Parish Council for consideration:

£500:00 donation to the "Stop Dumping Waste in Whitsand Bay" Action Group led by Tonny Steenhagen:

£500:00 be authorised for initial expenditure into the feasibility of the new permitted footpaths within the Parish, (these paths were included in the Neighbourhood Development Plan), to concentrate on a new path between St John and Antony villages, and thereafter on a path between Withnoe Barton and Gallows Park.

The Clerk pointed out that before the last two donations could be discussed, the Parish Council would need written requests from the recipients in order to provide a paper trail for Audit purposes.

Cllr Hoskin said the Action Group donation did not require a decision at this meeting. It was put forward for future consideration should a donation be required.

Cllr Richards agreed to provide the permitted footpath application from documentation produced for the NDP. .
